My favourite meal: kottu roti

My favourite meal is chicken kottu. It's a famous Sri Lankan street food and you can hear the sound of it from far away: the cook chops it on a hot iron plate with two metal blades. Clack, clack, clack!

To make kottu, you need some godamba roti, some chicken curry, a lot of vegetables (cabbage, carrots, leeks and onions), two eggs and some spices. You cut the roti into small pieces and fry everything together.

I usually eat kottu on Friday nights with my friends at a small shop near the bus stand. One plate costs about 1,200 rupees. It is hot, spicy and delicious.

In Korea I want to try bibimbap. It is rice with vegetables, meat, an egg and red pepper paste. I think I will love it!

5 Plan

- What is your favourite meal? What is it like?
- What do you need to make it? (use some, a lot of, two…)
- When, where and with who do you eat it? How much does it cost?

A new life in Daegu

Hasini arrived in Daegu, South Korea, three weeks ago. She is twenty and she is studying nursing on a scholarship. Before she left Sri Lanka, she studied English and Korean for one month at a language school in Galle.

Her first week was difficult. It was very cold, and she didn't have a warm jacket, so she bought one at a market near the university. It was 45,000 won. She also opened a bank account and got a Korean phone number. Her Korean was not very good, so a student volunteer called Min-ji helped her.

Now Hasini has a routine. She gets up at seven, has breakfast in the dormitory and walks to her classes. In the morning she has Korean language classes, and in the afternoon she studies biology and English. She likes biology, but she finds Korean grammar hard.

At the weekends she cooks rice and curry for her roommate, Thu from Vietnam, and they watch films together. Last Saturday they went to a festival in the city centre. There were lanterns everywhere and a lot of street food. Hasini tried tteokbokki for the first time. It was very spicy, but she loved it.

Hasini misses her family. She calls her mother every Sunday evening. "I'm happy here," she says, "but I miss my mother's cooking!"

The day I got lost in Colombo

Last year I went to Colombo for the first time to visit my aunt. I was sixteen and I was very excited.

First, I took the bus from Galle. The journey was three hours long and I slept most of the way. When I got off at Pettah, the bus stand was very crowded and noisy.

Then, I looked for my aunt, but I couldn't find her. My phone battery was dead! I felt scared. After that, I asked a shopkeeper for help. He was very kind. He let me use his phone and I called my aunt.

Finally, she came and found me thirty minutes later. We laughed about it and she bought me an ice cream. I learned an important lesson: always charge your phone before a trip!

5 Plan your story

- When and where? Who were you with?
- First... (the start)
- Then / After that... (what happened, a problem?)
- Finally... (the end)

My plans for my first month in Korea

I am going to fly to Korea in February. It's going to be my first time on a plane!

In my first week, I'm going to go to the orientation at my university. I'm going to open a bank account, get a Korean SIM card and apply for my ARC. I'm also going to buy a warm jacket because it's going to be cold.

After that, I'm going to start my Korean language course. I'm going to study hard because I need TOPIK level 3 before I start my degree. I'm going to join a university club, maybe the badminton club, to make Korean friends.

I'm not going to spend a lot of money in the first month. I'm going to cook in the dormitory kitchen and send photos to my family every weekend.

- Long words: **more** expensive → **the most** expensive. **more** modern → **the most** modern.
- Irregular: good → **better** → **the best**. bad → **worse** → **the worst**. far → **further** → **the furthest**.
- Use **than**: Seoul is bigger **than** Daejeon. Use **as... as**: Busan is **as** beautiful **as** Jeju? No, it is **not as** beautiful **as** Jeju.

2 Write the comparative

1. Korea is _____ (cold) than Sri Lanka.
2. English is _____ (easy) than Korean for me.
3. The dormitory is _____ (cheap) than an apartment.
4. Seoul is _____ (expensive) than Daejeon.
5. My Korean is _____ (good) now than last month.

3 Compare the universities

	University A (Seoul)	University B (Daejeon)
Students	25,000	12,000
Dormitory cost / month	₩450,000	₩250,000

2. The dormitory at B is _____. (cheap)
3. A has _____ international students. (many)
4. A is _____ to the sea. (close)
5. In the ranking, A is _____. (high)

5 Read the model

Which university is better for me?

University A in Seoul and University B in Daejeon are both good choices, but they are very different.

University A is bigger and more famous than University B. It is higher in the national ranking and there are more international students, so it is easier to find friends from other countries. There are also more part-time jobs in Seoul.

However, University B is much cheaper. The dormitory costs ₩250,000 a month, which is ₩200,000 less than at University A. Daejeon is also quieter and less crowded than Seoul.

For me, University B is the best choice. I need to save money, and I think a smaller city is better for studying Korean, because fewer people speak English there.

6 Your comparison

Compare two places you know (two cities, two schools or Sri Lanka and Korea). Write 100 to 120 words with at least 5 comparatives, 1 superlative and your opinion at the end.

Comparing countries and universities

10 min	**Feedback**	Praise good opinion language. Correct "more cheaper" / "most biggest".

Subject: Question about accommodation, student number 2026-1182

Dear Ms Park,

I am writing to ask about accommodation for new international students. I am a new student in the Korean Language Programme, starting in March 2026.

I would like to stay in the university dormitory. Could you please tell me how much it costs per month and whether meals are included? I would also be grateful if you could send me the application form.

In addition, I would like to know if there is a kitchen in the dormitory, as I am vegetarian and would like to cook my own food.

Thank you very much for your help. I look forward to hearing from you.

Yours sincerely,

Dilini Perera

3 Part 2: Reading (20 marks)

Scholarship students: the first year

Every year, thousands of students from South and Southeast Asia start university in South Korea on scholarships. Most of them say that the first year is the hardest, but also the most exciting.

The first challenge is language. Most scholarship students study Korean full-time for one year before their degree. Classes are usually four hours a day, five days a week, and there is a test every month. Students who pass TOPIK level 3 can start their degree. Those who don't must study for another semester.

The second challenge is money. Scholarships usually pay for tuition and give a monthly allowance, but the allowance is not always enough in big cities like Seoul. Many students find part-time jobs in cafés or restaurants. However, they need permission from the university first, and they can only work a limited number of hours.

The third challenge is loneliness. Students are far from home, and winter is long and cold. Universities try to help: there are international student clubs, counselling centres and "buddy" programmes, where a Korean student helps a new international student for one semester.

Advice from former students is simple. "Speak Korean every day, even if you make mistakes," says Arun, an engineering graduate from Kandy. "Join a club. And call your family, but not every hour!

Questions 1 to 5: choose the correct answer.

1. How many hours a day are Korean classes?
   A four **B** five **C** three
2. What happens if a student does not pass TOPIK 3?
   A they go home **B** they study another semester **C** they start their degree
3. What do scholarships usually pay for?
   A tuition and an allowance **B** only tuition **C** flights
4. Before working part-time, students need...
   A a car **B** permission from the university **C** TOPIK 6
5. In a buddy programme...
   A students share a room **B** a Korean student helps a new student **C** students teach Korean

Questions 6 to 10: answer in a few words.

1. How often is there a Korean test?

2. Why is the allowance sometimes not enough?

3. Name two places where students work part-time.

4. What three things do universities offer to help lonely students?

5. What is Arun's first piece of advice?

4 Part 3: Writing (20 marks)

Write your personal statement for a Korean university scholarship (120 to 150 words). Include: the course you want and why; your education; two strengths with examples; your goal for the future.
